### EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Gannon on 10/18/04.

The application has been amended as follows:

**In the claims:**

In claim 11, line 2, "first brush system" has been changed to --first brush station--.

In claim 11, line 2, "second brush system" has been changed to --second brush station--.

The following is an examiner's statement of reasons for allowance:

Claims 1-19 are allowable because there is no teaching or suggestion in the prior art of an apparatus for applying flowable material to a manufactured building product comprising the combination of a framework, a flood system arranged so as to apply the flowable material to manufactured building product conveyed through said apparatus; an infeed station including a drive roller and a metering roller, each of said drive roller and metering roller being releasably coupled to and driven by one or more drive motor positioned outside of said framework; an adjusting mechanism for adjusting the relative vertical position of said metering roller with respect to said drive roller; and at least one brush station including an upper brush and a lower brush, said brush station being positioned downstream from said infeed station, said upper brush

and said lower brush releasably coupled to and driven by one or more brush motor positioned outside of said framework.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### *Conclusion*

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The following patents disclose the state of the art with respect to apparatus for treating building products: Roberts (US 3,906,891), Knigge et al (US 4,493,857), and Hein (US 6,344,087).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Laura Edwards whose telephone number is (571) 272-1227. The examiner can normally be reached on Monday-Friday.
